

Asset rebalancing program enrollment

Important information

Use this form to enroll in the asset rebalancing program for your variable annuity contract. Asset rebalancing reallocates the value in your annuity on an established schedule so you maintain a predetermined investment mix among the variable investment options held in your annuity. Therefore, this program is designed for contracts invested in more than one investment option. If you frequently change your variable investment options, the asset rebalancing program may not be appropriate for you.

- This form can be used for the following products: **Accommodator, Independence, Declaration, Patriot, Revolution, and Wealthbuilder** variable annuities.
- A separate form must be completed for requests on any additional contracts.
- You may not rebalance to the Guaranteed Interest Account or to the Market Value Adjusted Accounts, if available on your annuity.
- This program only rebalances your current portfolio. If you would like to change your future allocations, please call us at the number listed below or submit the Investment option change form (ANNIO) with this form.
- Asset rebalancing will occur on the 25th day of the month. If the 25th is a nonbusiness day, then it will be rescheduled to the next business day.
- Participation in multiple investment programs may conflict with the intended result.
- Please refer to your variable annuity contract and/or prospectus for trade restrictions and limitations.

2. Program details**Complete this section with your desired program details.**

When your contract is rebalanced, any fixed investment options in your portfolio are excluded and only your variable portfolio is taken into account. Using the total value of your variable portfolio as of the rebalancing date, we will automatically rebalance the investments under your contract so that the percentage levels for the investment options you select below will be maintained. You may change the rebalancing percentages or terminate your participation in the program by providing John Hancock with this form indicating as such or by providing instructions over the phone to an authorized John Hancock representative prior to the day the rebalancing will occur.

A. Action:

- Initiate program (complete sections 3 and 4)
- Change program (complete sections 3 and 4)
- Terminate program (complete section 4 only)

B. Frequency: (select one)

- Quarterly (default)**—March/June/September/December
- Semiannually**—June/December
- Annually**—December only

3. Investment option selections

Using the lists below, please choose the variable investment options and percentages for your allocation. Allocations can be made to one or any combination of the available variable investment options as long as they are within the section applicable to your contract. **Percentages must total 100%**. Please refer to your prospectus for further details on your contract.

Asset rebalancing does not apply to any fixed investment option (if offered on your annuity). Please see your variable annuity contract and/or prospectus for further details.
